Mr. James Dreaver, of Armadale Mission, Mistowassia Reserve, who has just arrived in town, reports the roads very rough and that there is no snow after passing Carlton on the north side of the river.

The flow of ice in the river jammed on Tuesday night last, and the frost being very keen, the cakes were frozen together into one solid cake. On Wednesday the Indians were crossing on foot and the boys skating on it.

In the great sculling race which took place on the Paramatta river, in Australia, on the 31st of October, for \$1,000 a side and the world's championship, Searle defeated Kemp. Searle is a young man and a protégé of Kemp's.

Hanlau has again challenged Beach to row a race for \$1,000 a side. Beach has accepted and the race is to come off the latter end of this month. It is to be hoped that Ed. will be the victor this time, he has not won a race since '86.

Walter R. Talbot, the well known purser on the steamer Northwest for a number of years, is now living in Mexico and employed in a department of the Mexican Central Railway Co. Mr. Talbot was in the pilot house of the Northwest when she ran the blockade on the South Branch during the rebellion. He had a small box-stove over his head for protection against French half-breed bullets.

NEWS NOTES.

The Manitoba Legislature has again met and has appointed Judge Killam a Royal Commission to investigate the charges made against Greenway and Martin by the *Free Press* and *Call*. Quite a discussion took place as to the scope given the Commission for the investigation, Burrows and Luxton claiming that the Commission had not been given enough latitude for a full investigation. They refused to submit to Martin's limitations, and the whole thing collapsed.

A gang of men are working on the Regina and Long Lake railway. Supt. Tait, of the C. P. R., who has been at Regina the last few days, is very reticent respecting the road.

The Winnipeg city market was burned to the ground Wednesday afternoon. The value of stock destroyed is estimated at \$8,000 which, including other losses, will probably bring the loss to \$20,000.

In the case of Manitoba Government vs. the C. P. R., which is down for the 21st, the former will be represented by Hon. Oliver Mowat, Attorney General Martin, McCarthy and Garmully. They will have arrayed against them the Hon. E. Blake, Christopher Robinson, Judge Clark, C.P.R. solicitor, and Mr. Atkins.

Wheat has taken a drop at Qu'Appelle, 95 and 96 cents being the price paid for No. 1 hard.

Ald. Mulvey and Ald. Ryan are the candidates for the mayoralty for 1889. A close contest is expected.

Another victim has fallen into the hands of the Whitechapel fiends. A woman was cut in pieces, her head severed from her body and left on the table in her room. The police think they are now on the track of the fiend.

Cheques for grants to agricultural societies have left Ottawa. Amounts have been increased one-third.

The important questions coming up before the Legislative Assembly at this session are schools, municipal laws and temperance. Mr. Betts is making himself busy in all these questions. He has taken an active part so far in amending the present Municipal Ordinances. His experience as a member of our council, no doubt, proving useful to him.

LEGISLATIVE ARSEMBLY.

The speech of His Honor the
Lieutenant-Governor at the opening
of the first session of the Territorial
Legislature has come to hand, and
we are pleased to notice that it
touches on nearly all matters requir-
ing the attention of our law-makers.
In fact it cannot be said that His
Honor has neglected to bring to the
notice of the Assembly anything of
public interest. The speech con-
tains, among other things, a refer-
ence to the revision and consolida-
tion of the Ordinances of the North
West Council which has been made
by His Lordship Judge Richardson
and Mr. A. E. Forget. The Ordi-
nances as revised will be submitted
to the Assembly for their approval,
and will as a matter of course be
passed. A revision of the Ordi-
nances has long been felt to be a
necessity, and it the present session
does nothing more they will have
accomplished a good work. Atten-
tion is also called to the question of
prairie fires, and His Honor very
properly points out that the existing
laws in reference thereto are defect-
ive and unsatisfactory and that new
legislation is necessary; in this we
entirely agree with his Honor and
we trust that the law will be very
much improved. One good feature
of the Speech is the reference made
to the necessity for an act respecting
vital statistics; such an act has long
been felt to be a public necessity,
and we are sure that any legislation
in that direction will be most bene-
ficial. His Honor makes a length-
ened reference to the success of the
agricultural operations throughout
the Territories during the past sum-
mer, and speaks most encouragingly
of the capabilities and prospects of
the country. The liquor question
is also referred to, and the Assmly
invited to consider the matter. As
there is no subject at the present
time more important than this, we
express the hope that the result of
the deliberations of the Assembly
will tend to a solution of the diffi-
culties which have hitherto existed
in regard to the matter. The As

sembly cannot legislate on the liquor
question, but it can make recom-
mendations to the Dominion Parlia-
ment which would most likely be
accepted and acted upon by them.
It therefore behoves our legislators
to act in the most careful manner
when this question comes before
them, and we trust that whatever is
done will tend to the advantage of
our country and the cause of tem-
perance. We congratulate His
Honor on the able and satisfactory
manner in which he is managing the
affairs of the Northwest. It is evi-
dent that he has a complete knowl-
edge of the country and its require-
ments, and evinces a desire to do
only what must be for the public
weal. He has been only a few
months in office, but so far his ad-
ministration has been eminently sat-
isfactory to all classes and parties,
and he has shown his intention of
making reforms where they were
required.

NORTHWEST ASSEMBLY.

REGINA, ASSA., Nov. 1.—There was a large attendance of ladies and gentlemen at the opening of the first session of the Northwest Assembly yesterday—doubtless the largest attendance of visitors ever witnessed on similar occasions here. Lieut. Governor Royal left the Government House at 14:30. His Honor was announced by a salute of guns from field pieces at the fort. A guard of honor of Mounted Police under command of Capt. Norman was in attendance. A few minutes before 15 o'clock Clerk Gordon announced that the Lieut. Governor could not attend until the Assembly had elected a speaker, and requested them to elect one.

H. S. Cayley (Calgary)—I move that Mr. Wilson take the chair of the House as Speaker.

R. G. Brett (Red Deer)—I beg leave to second the motion.

Dr. H. C. Willson, of Edmonton, then took the chair amid applause. He thanked the members for the honor conferred on him, and said that while leaving the floor to take the chair, he would also leave behind him any feeling of politics or partisanship which he might have shared in the past, and would do his duty impartially to the best of his ability.

The Lieut. Governor, attended by the following officers, then entered and took their seats: Capt. Gagnon, Supt. Cotton, Capt. Allan, Inspectors Rutledge, Constantine and Burnett.

Mr. Cayley—I beg to inform your Honor that the Legislative Assembly has been pleased to elect as Speaker, Dr. H. C. Willson, member for the Electoral District of Edmonton.

Lieut. Governor Royal—I approve of the Speaker the Assembly has chosen.

The Speaker—I beg to claim for the Legislative Assembly all the ancient rights of free men to speak on all questions concerning them, and for which I would ask your favorable consideration.

The Lt. Governor—I most cheerfully grant the request.

The Lieut. Governor then read the speech, first in English then in French.

The speech from the throne was very lengthy, embodying as it did all the important matters affecting our great country. His Honor congratulated the Assembly on the general prosperity of the Northwest; touched on the consolidation of the present ordinances, which he had left to a special commission, and would be laid before the House. He also alluded to the great necessity of a complete and effective ordinance respecting prairie fires and agricultural societies, and pointed out the desirability of devising means by which the cause of temperance may be most effectually served, consistently with the rights and duties of British subjects and free men. Other important subjects to be taken up are schools and municipal laws.

When His Honor had concluded his speech he and his suite withdrew.

The Lieut. Governor, though having the right to appoint his own advisory board, has decided to leave the selection to the members of the Assembly and will accept those recommended by the House.

REGINA, ASSA., Nov. 3.—The speaker took the chair at 14:10 and read the following message from the Lt. Governor: "His Honor begs to inform the Legislative Assembly that under the provisions of section 13, chap. 51, he has selected from among the elected members the following named members to act as an advisory council on matters of finance: F. W. Haultain, Macleod; David Jelly, North Regina; Wm. Sutherland, Qu'Appelle; Hillyard Mitchell, Batoche.

On "Motions" being reached, Richardson seconded by Haultain, moved that a select committee be formed to strike the standing committees for this session.

The House adjourned at 14:20 and re-assembled at 15 o'clock.

Ross reported that the committee had met and struck the following standing committees:—

Education—Tweed, Cayley, Clinkskill, Betts, Oliver, Richardson, Reamer.

Civil Justice—Haultain, Cayley, Ross, Secord, Neff.

Agriculture—Plaxton, Jelly, Clinkskill, Neff, Hoey, Turriff, Thorburn.

Immigration—Ross, Tweed, Mitchell, Davidson, Lineham, Haultain.

Privileges and Elections—Sutherland, Betts, Cayley, Tweed, Oliver, Haultain, Turriff, Clinkskill, Brett.

Ways and Means—Brett, Thorburn, Reamer, Oliver, Lineham, Hoey, Plaxton, Mitchell, Jelly.

Municipal Law—Davidson, Cayley, Betts, Tweed, Sutherland, Richardson, Ross.

REGINA, ASSA., Nov. 5.—The Speaker laid on the table to-day a petition against the return of Hillyard Mitchell, of Batoche, accompanied with a verbal message from the Lieut. Governor; also a copy of the revised ordinances of the Northwest Territories, 1888, together with a copy of instructions issued to the commissioners for revising ordinances.

Mr. Ross—Before we pass to the next order of business I would move that the petition against the return of Hillyard Mitchell be now read.

Mr. Cayley—Is that motion seconded?

Mr. Turriff—I have pleasure in seconding that motion.

Mr. Cayley—I move that the headlines of the petition be read first.

Mr. Tweed—I second the amendment. The amendment was put and lost.

The original motion was carried.

Mr. Cayley—I move that the petition submitted by message be read on Monday.

The Speaker—That motion is out of order. It is to be read to-day.

The petition was accordingly read. It was from certain electors of Batoche, and sets forth that Geo. L. Fisher received a majority of 18 votes over his opponent, Hillyard Mitchell, at the general elections last spring. It further declares that the returning officer wrongfully gave a certificate of election to Hillyard Mitchell instead of George L. Fisher, and asks for the expulsion of the sitting member and the punishment of the returning officer.

Mr. Tweed—I move that the petition be referred to the legal experts for the purpose of ascertaining the power of the Assembly to deal with the privilege and election cases.

The motion was seconded by Mr. Cayley and carried.

STATE DINNER.

Lieut. Governor Royal gave his first state dinner to night at the Government House. The following gentlemen only were invited: Justices Richardson, Macleod and Rouleau, Messrs. Speaker Willson, Haultain, Jelly, Mitchell and Sutherland, members of the advisory board, Davin, Ross and Major Cotton.

REGINA, ASSA., Nov. 6.—The House had a short session yesterday. The Speaker took the chair at 14:10 and the House was adjourned at 14:35. During the sitting the clerk read the journals of the House, which were approved.

Cayley presented a petition from ratepayers and others of Calgary asking for an appropriation of \$5,000 to assist in the construction of a bridge across the Bow River. It was referred to the advisory board.

The first meeting of the advisory board took place this morning, Lieut. Governor Royal presiding, when important matters were discussed.

TERRITORIAL NEWS

BATTLEFORD.

From the Herald, Oct. 27.

Geese were still flying north yesterday.

The cattle purchased in Prince Albert by Messrs. Daunais, Richard and Bourassa, sixty head in all, left that town on the 15th, but have been delayed by the deep snow. They are expected in shortly.

The headquarters of the Government Telegraph Service has been removed from Battleford to Qu'Appelle. Mr. Gibson, district superintendent, is on the road here to close his office, and will arrive in a few days.

Sergt. Wallace, of the mounted police hospital staff went to the railroad with Wednesday's stage. The sergeant happened to have on leave, to try the efficacy of the springs on a somewhat obstinate case of rheumatism.

CALGARY.

From the Tribune, Oct. 31.

After our Monday's despatch came to hand Col. Herchmer was seen regarding the Indian affair. He says the affray took place between Pincher Creek and Old Man's river and was occasioned by the Stoney's going to the Blood's camp to look for stolen horses. The Stoney's claimed to find some of the horses but the Bloods refused to give them up without proof and from this the altercation ensued. According to sworn evidence in the colonel's hands only one man is known to be wounded—Stoney named Hector.

We find that instead of the sheriff having to run after the work train having the car with McIntosh's stone on board, he was on the train and they ran away with him too. The car was finally placed on the Y on Seventeen, and a guard net to watch it throughout the night. An engine was sent to the Y to be turned during the night, and to accomplish this they hooked on to the car of stone to remove it to another part of the Y, when the trainmen were fired upon by those in charge. Mr. McIntosh is asking for damage in the matter as he could have concluded the sale of the stone at \$7.50 per cord yesterday had it not been removed. We are informed that the C. P. R. have offered to compromise the matter by returning the stone to where they got it.

EDMONTON.

From the Bulletin, Oct. 27.

A large black fox was seen last week in Belmont settlement.

A large flock of swans passed over town yesterday afternoon. The swan is the last migratory bird to go south.

Reported that on Sunday morning last a detachment of police on the look out for George Godin on the Stoney Plain exchanged several shots with him or friends of his, without, however, any damage on either side. It is also said that the Blackfoot Indian, who was with George and by some is thought is still with him, is Deerfoot, who stood off the police last year near Gleichen.

DUCK LAKE.

Miss Mosgrave was married on Wednesday last to Mr. Geo. Nelson, of your town.

Owing to the river being impassable, the meeting on last Sunday was abandoned, and the settlers have decided to write their wants individually to our representative at Regina.

Mr. A. N. Mitchell purposes celebrating his birthday on Saturday by a grand dinner.

Mr. Lovell, having finished threshing on Beady's reserve, will move the machine to John Smith's reserve early next week.

The south branch of the Saskatchewan froze over on Thursday morning, and light teams crossed in the afternoon at Batoche.

Indians say fur will be very plentiful this year. From fifteen to twenty skins come to this place daily.

Some of the metis in this district who lately returned from Battleford and across the lines are very hard up, and in some of their families, whooping cough has broken out.

One of our most esteemed settlers will shortly be married.

On Thursday afternoon Mr. Parenteau tried to cross the river at Batoche with a team of oxen, and when on the middle of

the stream the ice gave way. After two hours hard work, they were got out.

Our mill has not commenced running yet.

Weather clear and cold, with very little snow.

A FARMER'S OPINION.

Chas. McOill, Osnaburk, Ont. writes: My wife suffered for five years with that distressing disease, catarrh. Her case was the worst known in these parts. She tried all the catarrh remedies advertised, but they were of no use. I finally procured a bottle of Nasal Balm. She has used only one-half of it and is now thoroughly cured and feels like a new person. I feel it my duty to say that Nasal Balm cannot be too highly recommended for catarrhal troubles and am pleased to have all such sufferers know through its use they will receive instant relief and cure.

SCRATCHED 28 YEARS
A scaly, itching, skin disease, with endless suffering, cured by CUTICURA.

If I had known of the CUTICURA REMEDY twenty-eight years ago it would have saved me \$300 (two hundred dollars) and an immense amount of suffering. My disease (psoriasis) commenced on my head in a spot not larger than a cent. It spread rapidly all over my body and got under my nails. The scales would drop off of me all the time, and my suffering was endless, and without relief. One thousand dollars would not tempt me to have this disease over again. I am a poor man, but feel rich to be relieved of what some of the doctors said was leprosy, some ringworm, psoriasis, etc. I took ... and ... Sarsaparilla over one year and a half, but no cure. I went to two or three doctors, and no cure. I cannot praise the CUTICURA as much as I ought to. They have made my skin as clear and free from scales as a baby's. All I used of them was three boxes of CUTICURA, and three bottles of CUTICURA RESOLVENT and two cakes of CUTICURA SOAP. If you had been here and said you would cure me for \$200 you would have had the money. I looked like the picture in your book of Psoriasis (picture number two, "How to Cure Skin Diseases"), but now I am as clear as any person ever was. I feel like a new man. I thank you a thousand times. Anything more that you want to know write me, or any one who reads this may write to me and I will answer it.
